We Grow Herbs The Ayurvedic Way
At our herbs grower our direct supervisors and we work directly with farmers using fair trade practices.

We Produce In Our GMP Facility
We guarantee the highest quality production standards using the force of an GMP Certified facility, each herb is individually tested for its safety and efficacy.

And We Also Give Back
Himalaya actively supports Deafness Hour Alliance & Vitamin Angels for families with hearing impairment and the lives of at-risk & deficient children. And we have also planted 360,000 trees to date.

88 Years Experience	200+ Research Scientist	1800+ Clinical Studies	200+ Products	90+ Countries
------------------------	----------------------------	---------------------------	------------------	------------------

Himalaya encapsulates the goodness of nature” by employing Ayurvedic concepts”. Ayurveda, the ancient healing system of using herbal treatment. A synergy between ancient and modern sciences was reached to deliver this unique blend of skin and hair care products which focuses on wellness.

PartyLite candles are made from food-grade wax, with no harmful chemicals, which means that your child or pet could eat one and they wouldn't be harmed. The fragrances and wick will last the entire burn length of the candle and not quit halfway like other candles! All our accessories are designed alongside the fragrances so that they all enhance your seasonal scent. You can choose accessories that best express your personal style.

THE COMMITMENT TO DELIVER A NATURAL, EFFECTIVE, AFFORDABLE AND SAFE HERBAL SOLUTION TO ALL.
